I. Introduction

In accordance with 39 U.S.C. 3642 and 39 CFR 3020.30 et seq., the Postal Service filed a formal request and associated supporting information to remove International Restricted Delivery from the competitive product list.¹ International Restricted Delivery service limits who may receive an item as determined by the internal requirements of the destination country. The Request has been assigned Docket No. MC2013-3.

To support its Request, the Postal Service filed three attachments as follows:

- Attachment A—a copy of Governors' Decision No. 12-02, authorizing the removal of the product from the competitive product list;
- Attachment B—a Statement of Supporting Justification as required by 39 CFR 3020.32; and
- Attachment C—proposed changes to the Mail Classification Schedule competitive product list.

¹ Request of the United States Postal Service to Remove International Restricted Delivery from the Competitive Product List, October 11, 2012 (Request).

The Postal Service seeks to remove International Restricted Delivery service from the competitive product list due to low customer demand.² It states that there are no marketplace indicators that demonstrate future volume and revenue growth. Request at 2. In a separate filing, the Postal Service submits a library reference supporting its assertions and an application for non-public treatment, under seal.³ The Postal Service maintains that the data contained in the library reference are commercially-sensitive and proprietary information that should not be released into the public domain pursuant to 39 U.S.C 410(c)(2) and 5 U.S.C. 552(b)(3). Id. Attachment A at 1.

In addition, in the Statement of Supporting Justification, Larry E. Richardson, Manager of Alliance Integration and Support, asserts that because the Postal Service is requesting product removal, the product's ability to cover its own costs has no impact on the instant Request. Request, Attachment B at 2. Mr. Richardson contends that removal of the product from the competitive product list ensures there will be no issue of market dominant products subsidizing competitive products. Id.
